Dear Mr. Cheezum,

Recently you contacted the Department of Environmental Health (DEH) seeking approval of a number of your products for use in Santa Clara County.

The Land Development Committee, a Supervising Registered Environmental Health Specialist, and the Director of the Consumer Protection Division have reviewed the documentation submitted and have approved the following products for use in Santa Clara County:

EF-4 Effluent Filter  
EF-6 Effluent Filter  
The Septic Tank Riser  
9HD2 (9 Hole Distribution Box)  
7HD2 (7 Hole Distribution Box)  
4HD2 (4 Hole Distribution Box)

DEH did not approve the use of the 6 Hole Distribution Box, as it does not have extra storage capacity in its base.

The aforementioned approved products will be added to the DEH list of approved equipment/materials/products.

Sincerely,

Gwendolyn L. Sax, Senior Registered Environmental Health Specialist  
Consumer Protection Division
