Re: The Approval of the TUF-TITE Septic Tank Filters

Dear Mr. Plander:

This agency does not issue individual approvals for specific types, brands, or models of septic tank filters, though we do require that any such unit used in the State be tested and approved under NSF Standard 40. Your filters may be used in South Carolina in conjunction with an approved septic tank system.

Please let me know if we can be of further assistance or if you have any questions.

Sincerely,

William H. Burris
Division of Onsite Wastewater Management
Bureau of Environmental Health
